

Southern Gold Coast workshop series
Wednesday 28 October 10am to 12.30pm
Venue: The Ecovillage, Currumbin

Resource Sustainability

Minimising your business risks and costs, and lightening your eco-footprint

Understand the ecological and energy crisis, the risks to our businesses, the strengths and opportunities for action, and the potential benefits for your business. Including pathways to the Ecobiz program and an introduction to grants and incentives.

Including:

highlight DVD “The Story of Stuff”

*a thought provoking look at our production and energy patterns across the world
and*

guest speaker, Martin Jackson from the Ecovillage

to talk about the challenges and successes the Ecovillage has faced

optional tour of the Ecovillage after the workshop

Cost: \$15 per workshop

Including light refreshments and comprehensive sustainability planning resources. Facilitated by Dr Sally MacKinnon, sustainability educator with the Ethos Foundation.

Followed by third and final workshop on:

Tuesday, 17 November: Strategic Sustainability – How networking, collaboration and cooperation can leverage your business and the next steps in your sustainability planning.
